

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XC448

Fisheries of the South Atlantic; Southeast Data, Assessment and Review (SEDAR); Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 32 Data Workshop for South Atlantic gray triggerfish (Balistes caprisкус) and blueline tilefish (Caulolatilus microps).

SUMMARY: The SEDAR 32 assessments of the South Atlantic stocks of gray triggerfish and blueline tilefish will consist of: a Data Workshop; a series of Assessment Webinars; and a Review Workshop. See SUPPLEMENTARY INFORMATION.

DATES: The SEDAR 32 Data Workshop will be held from 1 p.m. on February 11, 2013 until 1 p.m. on February 15, 2013; the Assessment Webinars and Review Workshop dates and times will publish in a subsequent issue in the Federal Register. See SUPPLEMENTARY INFORMATION.

ADDRESSES:

Meeting address: The SEDAR 32 Data Workshop will be held at the Crowne Plaza Hotel, 4831 Tanger Outlet Boulevard, North Charleston, SC 29418; telephone: (843) 744-4422.

SEDAR address: 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julia Byrd, SEDAR Coordinator; telephone: (843) 571-4366 or toll free: (866) SAFMC-10; fax: (843) 769-4520; email:

Julia.byrd@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Consensus Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office and Southeast Fisheries Science Center. Participants include: data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion in the Data Workshop agenda are as follows:

1. An assessment data set and associated documentation will be developed.
2. Participants will evaluate all available data and select appropriate sources for providing information on life history characteristics, catch statistics, discard estimates, length and age composition, and fishery dependent and fishery independent measures of stock abundance, as specified in the Terms of Reference for the workshop.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the council office (see ADDRESSES) (3) days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Dated: January 16, 2013.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
